ORGANIZATION OF THE FIRST GREELEY CLUB IN NORTH CAROLINA.—On Friday evening a large number of gentlemen assembled in the Court House for the purpose of organizing a Greeley and Brown club.

Armstrong Jones, Esq., was made temporary chairman and J. C. Syme, temporary secretary.

On taking the chair Mr. Jones briefly but appropriately explained the object of the meeting.

Dr. H. J. Menninger being called upon, entertained the audience with an eloquent address, in which he denounced, in scathing terms, the corruption and rottenness of the Grant administration. He was particularly severe upon the suspension of the writ of habeas corpus and the encroachments made upon the liberties of the citizens. The Doctor was frequently and loudly applauded.

On motion of J. H. Separk, Esq., a committee of 8 were appointed upon permanent organization.

The committee consisted of J. H. Separk, E. C. Woodson, Jan. H. Ferrall, H. J. Menninger, W. J. Weir, C. W. Lambeth, Wm. Simpson and S. P. Craven, col.

While the committee was absent the meeting was addressed by C. M. Busbee, Esq., in a patriotic and stirring speech.

The committee returned and submitted the following report which was unanimously adopted:

President.—C. M. Busbee.

Vice-Presidents.—H. J. Menninger, P. C. Flemming and R. H. Bradley.

Recording Secretary.—John C. Syme.

Corresponding Secretary.—E. C. Woodson.

Executive Committee.—Alfred Upchurch, W. H. Weir, William Simpson, Matthew Moore and Albert Williams, colored.

On motion, Messrs. Weir and Bradley were appointed to conduct the President to the chair.

Before taking his seat Mr. Busbee returned thanks for the honor conferred in a few graceful remarks, stating that he would respond more fully at another time.

On motion of Capt. E. C. Woodson, a committee of five was appointed to act in concert with any committee which the citizens of Raleigh may appoint to take steps in regard to arrangements for the Grand Mass Meeting on the 16th inst., and for the proper reception of the distinguished visitors who are expected.

The Chair appointed E. C. Woodson, F. C. Christopher, H. J. Menninger, Douglas B. W. B. and J. C. Syme, committee.

On motion the chairman was added to the list.

On motion of J. H. Separk, the Executive Committee were instructed to draft a constitution and by laws for the new government of the Club.

On motion, the Secretaries were requested to receive names at any time.

On motion, the Club then adjourned subject to the call of the President.

OXFORD ITEMS.—Our Oxford correspondent, under date of Saturday, gives us the following items:

The Granville Warehouse is a large and commodious structure just erected through the enterprise and liberality of Messrs. Osborne, J. D. Jones and H. C. Herndon. The first sale of tobacco took place at this warehouse on Friday the 12th inst. Our Forty thousand pounds of Tobacco were sold on that day. This was a degree of success hardly to have been anticipated and is doubtless highly encouraging to the proprietors.

We have before chronicled the success of Taylor's warehouse. Sales take place at both of them on every Friday. Quite a quantity of tobacco was also sold at Taylor's warehouse on the 12th inst.

The prices obtained were almost universally satisfactory, and indeed even higher in some cases than the owners had offered to take. Buyers of tobacco from Petersburg, Richmond and other points will do well to have an eye on the Oxford market, as Granville is so celebrated for the superiority of its tobacco, especially that which is colored.

By the way, Mr. Fielding Knott got as high as \$74 per hundred pounds for one lot that was sold at the new warehouse.

We notice on our streets, Dr. S. A. Williams, recently of this place, but now representing the Hat House of J. H. Windsor & Co., of Baltimore. We are sure any orders entrusted to him by merchants dealing in articles in his line will be most faithfully executed. He is, however, too well known to persons in various parts of North Carolina, to require any endorsement from us.

We also notice on our streets, Mr. T. Littlejohn, field of Warren county, (a nephew of Maj. J. T. Littlejohn) who is connected with the Dry Goods house of Whiteley, Bro. & Co., of Baltimore.

Mr. Wrene, another North Carolinian representing the firm of Lord & Bolivar, of Baltimore, is also on a visit here. We are pleased to be able to state that Elder Blount Bryan, of Edgecombe county has purchased the valuable farm belonging to Governor P. H. Bell. The plantation is about 6 miles from Oxford and was for many years prior to the war the residence of Thos. Miller, Esq., who was one time quite celebrated as a successful farmer.

Our people will most cordially welcome Elder Bryan and family as citizens of Granville, and it is hoped that many of his old friends in Edgecombe will follow his example, as Granville is one of the healthiest points in the United States, and presents advantage as an agricultural region second to no other section of the State. Granville lands are cheap, and her breezes are health-giving, and her water, which is for the most part impregnated with iron, infuses vigor and energy into the systems of those who come from elsewhere to spend their Summer within her borders.

THE CAMPAIGN SPEAKING AT MILBURNIE.—We have received from an esteemed correspondent a full and highly interesting account of the speaking at Milburnie on Friday, and regret exceedingly that we have not space for it.

He says: "After Tim Lee with his accustomed air of authority, announced the opening of the campaign, James Harris harangued the multitude with his same old eulogy on Grant, Holden and Caldwell. He candidly admitted that \$100,000,000 had been stolen by somebody, and strange to say, honest (3) James did not know who did it.

He was followed by Stewart Ellipton, by the way the most decent and respectable looking man on the ticket.

Bob Perry, a newly elected next came forward; admitted that he had served for the past four years in the Democratic ranks and got nothing, how he would try the party of progress. Look out Rads, if you don't progress Bob now, you will lose him.

Gen. Gorman, the hero of Seville town, was the next Richmond. He struck upon the popular "working men's" question, hammering away at both ends of the middle, making a both jobs of the whole.

Gorilla Badger, (here we would remind our correspondent that "rotating Dick" is not patented, assume suppose, but he has a perfect right to use it,) the Ariel disciple, who actually was so inconsistent as to address an audience, whom he declared had no souls or bone in their noses. "As he said nothing to enthrall his audience, we'll let him pass.

Mr. W. H. Pace, the gallant young standard bearer of our party, the Convention's first choice for the House of Representatives, next appeared upon the stand amidst the shouts and applause of his many friends, the good and true of the township.

Though only nominated about eight hours before, he was fully prepared to handle the arguments advanced by the entire radical crew. He dealt in facts and figures, and when he fearlessly and boldly brought out the former political record of his opponents, the rattling of dry bones was almost perceptible to the audience. We regret that we are unable to give in detail the speech of Mr. Pace, suffice it to say, it was well received and will do much good.

The appearance of Keith is expressed by our correspondent as the "commencement of the Kilkenney cat fight." He opened his batteries upon both parties, was opposed to everybody in favor of Keith.

After a grand temporary treat by Tim Lee, who said it was for Bill Smith, ended the first of the campaign series, with a grand Democratic triumph.

BRANDS SPEAKING.—See the advertisement of this celebrated Southern resort for invalids. Mr. Paxson the stirring, energetic and popular proprietor, has everything in ship-shape, and is prepared to furnish accommodations equal to any in Virginia.

Stages will leave Henderson on the Raleigh and Gaston Rail Road, for the Springs every Tuesday and Saturday, and return on Mondays and Fridays, thereby making the Springs very convenient of access. Traveling accommodations can also be secured from Warrenton, at any and all times.

THE MASS MEETING HERE ON TUESDAY.—Extensive preparations are being made for the grand mass meeting that is to be held in this place to-morrow.

(Tuesday, the 16th inst.) A large barbecue will be given, and it is certain that able and distinguished speakers will be present, among them Senators Doolittle, (who left New York yesterday evening on route) Tipton and Ransom, and possibly Schurz, Gov. Walker and Col. Hinton, of Virginia, and others. The different rail roads will bring persons for one fare. We hope to see a large and full attendance.

RALEIGH, N. C., March, 1872.

Mr. Sullivan, Agent of "The Howe Sewing Machine," has been in our family for four months, and can safely recommend it to the public for its simplicity, beauty, and its ease of use, and as a "help" to those of us with large families, it is a "one hundred per cent." We have made with one of our hundred garments, large and small, including pants, coats, dresses, &c., of the dresses containing from 100 to 125 yards of ticking. It is worked with much ease, resulting in but little exertion. We would not be without one for three times its cost.

TOBACCO TAX!!

Oppression of Southern Industry by the Radical Leaders, to Promote the Interests of the Northern Manufacturer—Southern Labor against Northern Capital!!

The leaders of the Radical party have always been loud in their professions of friendship for the laborers of the South. They considered that the Southern workingmen were unlettered and would be easily deceived. They therefore have not hesitated to proclaim themselves the special friends of our laboring classes, with a view to mislead them and secure their votes. But while such have been their professions what have been their practices? Since the war the Radicals have had entire control over Congress and the Legislature of the country. ONE OF THEIR FIRST ACTS WAS TO LAY A HEAVY TAX ON COTTON, TOBACCO AND HOME-MADE SPIRITS. Cotton and Tobacco are raised almost exclusively in the South, and THESE ARE THE ONLY AGRICULTURAL PRODUCTS THAT HAVE EVER BEEN TAXED BY THE U. S. GOVERNMENT.

Is it not a well known fact that any tax levied on an Agricultural product comes out of the pocket of the producer? The Radical Congress laid a heavy tax on cotton and on *tax on Southern labor*. The Radical Congress also laid a heavy tax on tobacco, and this was a tax on the Southern laborers engaged in growing Tobacco. The crops raised at the North were not taxed! The Radicals dared not tax the products of the Northern agriculturists. NOW HERE WAS A DISCRIMINATION AGAINST SOUTHERN LABOR. With all of their pretended love for our workingmen, the Radicals taxed them heavily, and did not tax the products of Northern farm labor. The cotton tax however was eventually repealed, but the tobacco tax continues as a burden upon Southern industry to this day.

About a month ago a new law was passed on the subject of the Tobacco Tax. This law was recommended by the Radical President, was strongly urged by a Radical Secretary of the Treasury, and was passed by a Radical Congress. The Radicals are entirely responsible for it. Its operation will be very injurious to many of our people.

Some of the Radical candidates now in the field say they are *opposed to it*, for they acknowledge that it discriminates against our citizens, and effects their interests very materially. Their opposition to it however comes too late. It was passed by their party and by their hands. It is applied by President Grant. It is the work of the Radical Party enacted, but one short month ago! If these candidates were so much opposed to it, why did they not use their influence to prevent its passage? Why did they not go to Washington and ask the President not to approve it? It is very easy for them to go back on the culpable action of their party now, and say that they do not like the law, because it affects the interests of our tobacco growers so disastrously—but then why did the Radicals pass such an oppressive law, if they had the interest of our people at heart? These same Radical candidates, who now denounce this law, still support President Grant, who recommended its passage; and the Radicals in Congress who voted for it, and the Revenue officers all over the land who enforce it! By adhering to the party that made this law, these candidates become responsible for it, and if the people vote for them, the people give countenance to it. Every citizen who encourages and sustains a party, that passes such odious and injurious laws contributes his mite towards keeping them in force. All the Radical leaders favor this odious law, and those who denounce it are only seeking by this means to curry favor with a people who have just cause to be indignant—Oh! Ye Scribes, Pharisees and Hypocrites. How can ye escape political damnation?

We had hoped that the tax on tobacco, like the tax on cotton, would be repealed. But instead of that what do we find? The Radical leaders are bent on perpetuating this odious tax, which discriminates so heavily against Southern industry. The President recommends that "all Internal Revenue duties be abolished except duties on stamps, spirits, tobacco and malt liquors." Mr. Boutwell, the Radical Secretary of the Treasury, makes exactly the same recommendation. Senator Sherman, who is the Chairman of the Finance Committee of the United States Senate, and has all the matters in charge, and who is the leader of the Radical party about all these tax concerns, says that "he favors a reduction of duties so that, with a tax on spirits, beer and tobacco, the revenue will be sufficient to pay the expenses of the Government, interest on the public debt and fifty millions of the principal thereof, annually."

Hence, it is evident that these men, who are the true and proper representatives of the Radical party, intend to continue for all time this odious, unjust and iniquitous tax which discriminates against Southern industry—and which is particularly burdensome to the tobacco growers of North Carolina!

Now what does this tax amount to? The tax paid by tobacco and received at the Treasury in 1871 was \$33,578,907. But the Commissioners appointed by President Grant (see his message to the U. S. Senate and dated Dec. 19, 1872, page 5), report as follows, viz: "But it is calculated by those who have made a careful study of all the facts that one fourth of the Revenues of the United States are annually lost in the collection." In other words, that 25 cents out of every dollar collected, is lost before it reaches the Treasury. If this Report be correct—then Tobacco pays to the collectors, \$44,771,876. One-fourth lost in collection is 11,192,969

Received at the Treasury Department, \$33,578,907. So TOBACCO PAYS A TAX ANNUALLY OF \$44,000,000, WHICH BY RIGHT SHOULD GO INTO THE POCKET OF OUR SOUTHERN LABORERS AND TOBACCO GROWERS! Remember to every agricultural product pays a tax; now why should this discrimination be made against us? Where is all the friendship the Radical leaders have professed for our Southern laborers? Is this the way to promote our welfare? Are they work-

ing for our interest? Are they desirous of making us prosperous, and of giving to Southern industry its just reward? If so, why do they levy (\$44,000,000) forty-four millions of dollars annually out of the profit of our farm labor? It is an iniquitous discrimination against us, and ruinous to our labor.

But the late law, passed in June, 1872, operates more harshly upon our small growers of tobacco than any previous Revenue Act. The Radicals treat us worse the longer they legislate for us. They change, but instead of growing better, they make laws more odious to us each succeeding year.

The following is an extract from the law passed June 6, 1872:

Sec. 31. Dealers in leaf tobacco, except Retail Dealers in leaf tobacco, as hereinafter defined, shall each pay twenty-five dollars.

But nothing in this section shall be construed to exempt from a special tax any farmer or planter who shall buy or peddle or otherwise sell leaf tobacco at retail directly to consumers or who shall sell or assign, consign, transfer, or dispose of tobacco to persons other than those who have paid a special tax as leaf dealers or manufacturers of tobacco, snuff, or cigars, or to persons purchasing leaf tobacco for export.

Dealers in leaf tobacco shall hereafter sell only to other Dealers who have paid a Special tax as such, to manufacturers, and to such persons who purchase for export. RETAIL DEALERS IN LEAF TOBACCO SHALL EACH PAY A TAX OF \$500, and if their annual sales exceed \$1000, shall each pay in addition thereto fifty cents for every dollar in excess of one thousand dollars of their sales.

Every person shall be regarded as a Retail Dealer in leaf tobacco whose business is to sell leaf tobacco in quantities less than an original hoghead, case or bale; or who shall sell directly to consumers, or to persons other than dealers in leaf tobacco, who have paid a special tax as such, or to manufacturers who have paid a special tax, or to persons who purchase in original packages for export.

The following is an extract from the Revised Regulations of the Department, dated July 1, 1872.

DEALERS IN LEAF TOBACCO.

A special tax of \$25 is imposed upon every person whose business it is, for himself or on commission, to sell or offer to sale or consign for sale on commission, leaf tobacco, and the payment of any other special tax does not relieve a person who deals in leaf tobacco from the payment of their tax.

The Act of June 6, 1872, limits the right to sell under this special tax to three (3) classes of dealers, viz: 1.—To other dealers who have paid a special tax. 2.—Manufacturers of tobacco, snuff or cigars. 3.—Persons known to be purchasers of leaf tobacco for export and who purchase only in original hogheads, cases or bales. Any leaf dealer selling to other persons, or in any other manner than as above, becomes a retail dealer in leaf tobacco and liable to pay a special tax as such.

RETAIL DEALERS IN LEAF TOBACCO. Retail dealers in leaf tobacco are required to pay a SPECIAL TAX OF \$500, and if their annual sales exceed \$1000, they are made liable for an additional tax of fifty cents for every dollar in excess of \$1000 of their sales. The retail dealer in leaf tobacco as defined by the Act of June 6, 1872, is any person whose business it is to sell leaf tobacco in quantities less than an original hoghead, case or bale, or sells to persons other than the following three classes of purchasers: 1.—Dealers in leaf tobacco who have paid a special tax as such. 2.—Manufacturers of tobacco, snuff or cigars. 3.—Persons who purchase in original packages for export. The payment of any other special tax will not exempt a person who sells leaf tobacco as heretofore stated, from the payment of the special tax as a retail dealer in leaf tobacco.

MANUFACTURERS OF TOBACCO OR SNUFF.

Manufacturers of tobacco or snuff are required to pay a special tax of \$10. A tobacco manufacturer is defined to be one whose business it is to manufacture tobacco or snuff for himself, or who employs others to manufacture, tobacco or snuff whether such manufacturer shall be by cutting, pressing, grinding, crushing, or rubbing of any leaf or raw tobacco, &c., &c.

EXEMPTIONS FROM SPECIAL TAXES.

Farmers and planters, for selling tobacco of their own production, or tobacco received by them as rent from tenants who have procured the same on their lands, are not required to pay special taxes as dealers in leaf tobacco.

IF HOWEVER, THE FARMER OR PLANTER SHALL SELL DIRECTLY TO CONSUMERS, or if he sells, assigns, consigns, transfers, or disposes of his tobacco to persons other than those who have paid special taxes either (1) as "leaf dealers," or (2) "as manufacturers of tobacco, snuff or cigars," or to persons purchasing leaf tobacco for export, he becomes liable as a RETAIL DEALER in leaf tobacco to the special tax of \$500, and to the additional tax of fifty cents on every dollar in excess of \$1000 of his sales.

It will be seen that if a FARMER SELLS DIRECTLY TO CONSUMERS, he becomes LIABLE AS A RETAIL DEALER IN LEAF TOBACCO TO THE SPECIAL TAX OF \$500.

AND THE SAME TAX IS TO BE PAID BY ANY OTHER PERSON WHO SELLS LEAF TOBACCO TO ANY CONSUMER.

Let every citizen who has been in the habit of buying from his neighbor leaf tobacco to smoke or use for any purpose whatever, consider this harsh and odious provision of the law.

No farmer or other person can sell a pound of leaf tobacco to a neighbor for his consumption without paying a tax of \$500! If you have raised five hundred pounds of tobacco, you can not sell it to your neighbors who may wish to buy it for their own use unless you pay a tax of \$500.

Consider this ye rich and poor! Ye whites and blacks! Ye old and young. Ye who have always during all your lives been accustomed to buy and sell a few pounds of tobacco raised by a neighbor. The Radical leaders say—YOU SHALL NOT SELL TO YOUR NEIGHBOR WITHOUT PAYING A TAX OF FIVE HUNDRED DOLLARS. The Radical President says so—the Radical Congress has so enacted. It is RACIAL LAW! We say consider this well, talk to your neighbors about it, lest they offend—and violate this unjust and odious law. The liberty of selling a few pounds of tobacco to a neighbor is denied you, unless you pay a tax of \$500. And yet

the Radical leaders call themselves your friends!

Save us from friends who deny us this common right of disposing of our Southern farm product to our neighbors!

But why have they done this thing? The business of manufacturing tobacco, is now carried on much more extensively at the North than at the South. New York City alone manufactures more tobacco than both North Carolina and Virginia combined! These Northern manufacturers complain that it hurts their business to allow farmers to sell leaf tobacco directly to consumers! Hence the Radical Leaders, working in the interest of the Northern Manufacturers, limit the right of the farmer to sell his own stuff to three classes of persons—one being those who export it; another, those who buy to sell to manufacturers—and the third, manufacturers themselves!

And it is to be noted that while manufacturers pay a special tax of only \$10—yet, the farmer who sells to any other than these three classes of persons must pay a tax of \$500 as a retail dealer.

All Radical legislation is in the interest of the Northern manufacturer, and against the interest of Southern labor! And this last act is the crowning iniquity of all!

Think of it, ye growers of tobacco—ye laborers whose industry produces this valuable Southern product, the Radical leaders deny you the right to sell to such persons as you choose, and require you to dispose of your property to a certain class of men—or to pay a tax of \$500.

A CARD.

To The people of North Carolina:

In view of the approaching election, and my present relation to them, I deem it worth while to inform the people that my attention has been called to a scurrilous and libelous paper, extensively circulated in this State, entitled "Read and Circulate."

This paper is anonymous, and does not purport to have the sanction of any Editor, Publisher, political Committee or any body, but it is sent to the people under the Congressional frank of Hon. John Pool United States Senator.

It appropriately makes its first appearance in an obscure weekly paper, published in Washington City, called the "National Era," edited by a negro named Fred Douglass.

The circular is infamously false, scandalous, and criminal. It imputes to me and other gentlemen, some on and others off the Democratic Conservative ticket for this State, the most infamous crimes against society and individuals, and it is so false, wanton and criminal, that it is not surprising that it is sent out to accomplish what evil it may without apparent sanction of, or attaching amenability to, any one.

It is so monstrously false and scandalous that I was amazed to learn that it was sent out to the people under the frank of Mr. Pool, and I therefore enquired of him, by letter, if it was so sent with his knowledge and consent. He informed me it was, but says it was a "rehash" made up in such an artful way as to charge in terms, suggestion, artful argumentation, and innuendo against me and others, the most disreputable crimes and conduct against the people and State; and it illustrates a species of desperate and disreputable partisan warfare that can not be tolerated, much less justified, among a civilized people; nor do I believe the people of this State of any political party will do so.

So far as I am informed the Radical papers of the State, fruitless as they have been of misrepresentation and falsehood have not republished it.

I deem it due to the people and myself to say for the benefit of any such as might be misled by it, that in so far as it refers to myself the paper is in every material respect absolutely FALSE, SCANDALOUS, AND LIBELOUS, and I believe it is so in reference to the other gentlemen assailed.

In vindication of myself against this wanton attack, it is my purpose to bring suit against Pool, in the Superior Court of Wake, reserving to myself to take such other steps in the future as may be deemed proper.

I am more than willing that the truth shall be ascertained by a judicial tribunal for the better satisfaction of the public, and to the end, that professional politicians may learn that they cannot assail innocent men in such a savage way with impunity, I will give Mr. Pool the opportunity to make good the charges in the anonymous paper, if he can do so.

It has been suggested that such publications are legitimate in political contests like the present. This may be so according to the code of morals of a class of desperate political adventurers, but it is not so, in my judgment, among gentlemen, or a civilized and virtuous community. Nor do I believe the people of North Carolina of any party will enforce such shameless and groundless assaults upon innocent men, because they happen to be put forward by hundreds of their fellow-men for high, responsible and honorable offices.

The paper referred to is a base and criminal prostitution of the freedom of the press to accomplish the baser purposes of deceiving and misleading the popular mind. This good and patriotic men will not do, and the people of all classes may well distrust those who attempt it. A. S. MERRIMON. Raleigh, July 8th, 1872.

VALUABLE LAND FOR SALE

IN THE COUNTY OF WARREN.

I offer for sale, five hundred and two (502) acres of land, situated in the County of Warren, on Shocco Creek, adjoining the Sulphur Springs. Tract of Col. J. M. There is an Overseer's house, three cabins, corn-crib and stables on the premises. About one-fourth (1/4) of the tract is in original growth of oak, hickory, &c., one-fifth in second growth pines. This is one of the best tracts of land in this section, and will be sold on reasonable terms. Dr. George Field, who resides near the land, will take pleasure in showing it to persons wishing to examine it, and is authorized to negotiate for its sale. A. R. PERRY. LOUISBURG, June 12th, 1872. KEEP THY HEART WITH ALL DILIGENCE. Prov. 4:23.

Trust not that one unguarded thought
Which idly wanders in the mind
Shall vanish as it entered there,
And leave no trace behind.

Think not that an unnumbered word,
In anger or resentment said,
Because forgotten, shall not live,
By truth immortal made.

Nor hope a single reckless act,
Which fully warring youth becometh,
Shall pass to time's oblivious hour,
With youth's departed dreams.

A page by angel pen inscribed,
Records what no ear can overhear,
And all you think, or do, or say,
Is there forever traced.

Then o'er your heart, its hidden source,
The vigil keep with ceaseless care:
Let every word be best, and true,
And every thought be true.

And, oh! what higher, holier hope
Was ever in man's mind
Than angel pen, in line of light,
Should write thy name in heaven?
